# Mother Tongue at Overseas Family School

## What is it?

This refers to the first language a child learns at home.

## Why is Mother Tongue important?

It is in the dominant language that higher level thinking takes place. This is especially pronounced in very young children. It will also benefit children in education back in their home country, should they return, as they will be competent in oral, written and grammar skills.

## How is it done?

This program is well resourced:

- Four sessions per week, in Kindergarten (from Pre-K2), Elementary and Middle School.
- Integrated into the academic programs.
- All features of any other subject, i.e. assessment, homework, reporting, etc.
- Focuses on reading, writing, listening, speaking and culture. Courses include literature in the Mother Tongue.
- Is an additional choice for parents, **instead of** foreign language study.
- **No additional fee involved.**

## Who are the teachers?

Our Mother Tongue teachers are native speakers of the language, with teacher training and degree earned in the home country. They are qualified to teach in the home country and also fluent in English.

*"If you talk to a man in a language he understands, that goes to his head. If you talk to him in his language, that goes to his heart".*
